GADGET BRIEF

PHOTTIX A-255C

Get the most out of your outdoor adventure with the Phottix A-255C. This lightweight carbon fiber tripod makes shooting on trails or mountains easier, as it is small and compact enough to be effortlessly carried around.

PHOTTIX ATLAS II

Save yourself from the hassle of requiring a separate transmitter and receiver with the Phottix Atlas II wireless flash trigger. Since the Atlas II can do both, photographers have less to think about during setups.

PHOTTIX IR REMOTE

Wirelessly trigger your Nikon or Canon camera with Phottix's infrared remote control. This IR remote features instant AF and shutter release for Nikon, and instant AF and a 2-second delay shutter function for Canon.
